Marilee Anderson dreams about a murder and wakes to find it really happened. She and David Nichols, the victim's brother, become the prime suspects. Though they have their secrets and aren't sure they can trust each other, Marilee and David team up to find the killer.

Does Tess, "the crazy lady," know anything about the murder or is she just delusional? Does the cheating couple on the victim's floor have any information about the night of the crime? Why has the abusive father of the victim and her brother suddenly reappeared? What about Barbara's ex-husband? Will Marilee and David find the killer? Or will they end up in jail—or dead?
